

Kingfisher Homework Project

Autumn 2025

This term, our topic is “The Stone Age to The Iron Age”.

For your homework project, please complete **one** activity from the grid below and bring it into school on **Monday 20th October**.

Due to restrictions on space, **please do not bring your project into school before this date.**

Compare your life with the life of a child in prehistoric Britain. Draw a table to compare all of the similarities and differences that you can think of. 	Imagine you have travelled back in time to The Stone Age. Write a letter to your family telling them about what it is like.	Create a drawing, painting or collage of a Stone Age, Bronze Age or Iron Age scene.
Make a model of Stonehenge using any materials you have available.	Research an area of your topic learning which you find interesting and create an informative poster to display your findings.	Design your own prehistoric home and include all of the amenities you'll need to survive. 
Write a recipe only using ingredients available during The Stone Age. If possible, you might even like to try and make it yourself!	Design and make your own tool. Think carefully about its purpose and which materials you will use. 	Create a board game based on prehistoric Britain and include instructions on how to play.

If you need any further support, please let Mrs Hobbs know.

We can't wait to see your work!
