

Year 6 Summer Project!

Create a timeline or history of your time at primary school! (If you have moved schools you can also include the years you spent at your other schools)

These will be displayed at the end of year assembly in church so please don't do a powerpoint or online project – actual paper only please!

Ideas to include: Teachers, friends, favourite moments, achievements, school photographs, favourite subjects or topics. Anything you like!

(The photos included are simply for ideas and are not examples of what yours should look like, they are just to give you a starting point if you are struggling to be creative or get going!)

Please bring your completed timeline in by July 21st so that it can be displayed in church.
